The Annual Report of Governor Dummer Academy

July 1, 1982 to June 30, 1983

From the Headmaster

Peter W. Bragdon (September 6, 1983)

The birth of a new school year is always exciting. The first glimmer of student life has been the return of reporters for "The Governor" and "The Milestone" to see their faculty advisers. Very soon the autumn varsity teams will be returning for early practice; then the new students will appear with

their parents, followed by the veterans of one year or more. After a week of classes momentum will be with us and the subsequent health of the year will be the willingness of all of us to effectively perform the many seemingly minor, as well as major, tasks which make a community function, from picking up a piece of paper to greeting a visitor to the campus.

Ever since June preparations have been underway for the September birth. Teachers have been involved in summer study, rest, travel, research, and jobs; administrators have not only been preparing schedules but have been attempting to provide better responses to the problems which inevitably surface each year. I have been spending most days addressing the present goals of my administration; national recruiting, an emphasis upon

the boarding aspect of Governor Dummer, particularly the weekends; evaluation and accountability for all members of the community; and a continuation of the perennial attempt to improve the quality of life at Governor Dummer Academy.

Absolutely central to the latter are all the renovations of the summer, both the inobtrusive and the obvious. The inobtrusive would be the repainting of many dormitory rooms, the repairing of some plumbing, and the conversion of a boiler; the obvious would be the major improvements in Pierce, Eames, Perkins, Frost, Boynton, and the Mansion House. One major adjustment in the Mansion House is the re-establishment of a sliding door to enlarge the kitchen area. Dottie and I want students to be in our house, particularly on Saturday nights: we

need this space for a make-your-own-sundae evening and other approaches to fun together.

A constant which is waiting here to greet students each year is the beauty of this maritime region: the estuaries, Newburyport harbor with the boats at moorings always pointing into the tide, and beaches to walk in privacy. The New England style of Governor Dummer buildings reflects the integrity of the people and the school. The steeple of Moseley Chapel reaches out over the salt marshes. During the summer it kept appearing at different angles when Dottie and I played golf on the school course. I hope the students will enjoy this area as much as we have during our introductory months.

The following articles provide reports about the year which has been. The response of the school to the strengths and weaknesses of the past will be one source of the approaching year's strength. Central to this response will be one of Jack Ragle's greatest legacies, dedicated and effective administrators, the authors of the articles in this issue.

A Message from the President

Carl A. Pescosolido, Jr.
President
Board of Trustees

Two batons have been passed in recent months. The metaphor most visible, of course, is the retirement of Jack Ragle and the passing to Peter Bragdon. Such times are frequently characterized by a renewed sense of purpose, a charging of the air with electricity, and, perhaps, a certain amount of uneasiness in isolated quarters of our campus. From the perspective of your President, let me assure you that there is only cause for excitement and purposeful renewal of the educational mission of our fine school.

Peter and Dottie Bragdon bring with

them great dedication to the principles of our traditional New England private boarding school. They have known such institutions all of their adult lives. In Peter's case, his father was a Master at Phillips Exeter Academy and at Brooks School. The warmth and enthusiasm of Peter and Dorothy for bettering the Governor Dummer experience is best described as infectious.

The Board of Trustees is excited. Individually many Trustees have expressed a desire to renew and strengthen their support of the Academy.

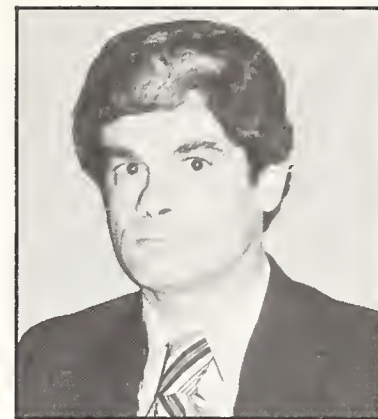

A second, less known baton passing occurred when Joe Welch, long time Trustee and supporter of GDA, stepped aside as Chairman of the Development Committee. Joe's service in this capacity has been an unqualified success. His enthusiasm, and leadership have taken this vital source of funding for the Academy to levels of giving never before achieved. This success is no accident. Joe's quiet, assertive self-confidence was for years a strong motivating force. He kindled many fires of support, and he kept them burning with the fuel of his enthusiasm.

Joe continues his service to Governor Dummer as a Trustee. It is my challenge to keep Joe with us as long as possible. He is a great asset.

Edward T. O'Dell, Jr., past and current parent and Trustee, is stepping into some large shoes as he takes over responsibility from Joe Welch for leading the Trustee Development Committee. Ed O'Dell brings with him considerable concern for Governor Dummer, as well as great enthusiasm for the challenge of continuing the fine efforts of the Development Office. In addition, Peter Bragdon has assured the Trustees that it is his intention to participate in alumni development as an important role in his new Headmastership. So it is that leadership in this vital area will continue strong.

Finally, Jack Ragle has requested that I include a special thanks to all alumni, parents, and friends of the Academy who have so generously supported his goals of improving the GDA experience. He particularly has asked that my message include thanks to all who helped complete another record year of Annual Giving.

And, of course, I want to include my own thank you as well.

Academic Affairs

Richard N. Leavitt
Director of Studies

There are several highlights from the scholastic scene worthy of special mention. Most notable is the outstanding accomplishment of four students becoming National Merit Scholarship Finalists, two eventually winning stipends. Another remarkable accomplishment was that of our senior ranking scholar — winner of the Thor-dike Hilton Cup — Aaron Halpern who received college credit at Stanford for six Advanced Placement exams.

I offer high praise for the excellent work being done by the faculty to maintain GDA's core curriculum while supplementing the basics. Special programs to supplement the English curriculum began two years ago and continue to add spark to the regular offerings. Our best senior English students participate in an evening honors seminar involving challenging reading and writing supplements to their regular course work. An extracurricular writing group is thriving, and the trend of encouraging students to publish their writing is accelerating.

I am pleased that a vast majority — more than 93% — of our students are studying mathematics during all four years. In addition, 20% of our graduates have the equivalent of five years, and this year we have two students, for the first time in our recollection, studying mathematics for the sixth year. We are in the process of developing an elective course in advanced programming techniques for those students inclined towards the use of computers and have added a new position in the mathematics department to support this new direction.

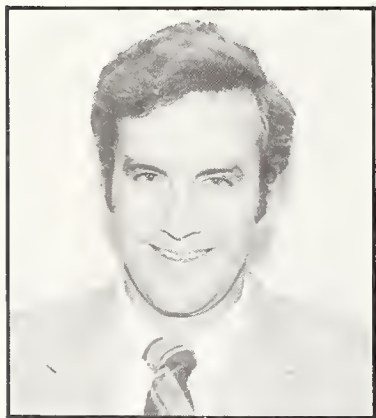

In the area of foreign languages, virtually all our students are involved in the first two years in either French,

Spanish, German or Latin. Our German program offers special opportunities very beneficial to students. A dozen students spent four weeks in Ahrensburg, West Germany last August, which meant that all German 3 and 4 students had the added benefit of living the language.

In Art, the intermediate and advanced studio courses were beefed up and ceramics has been sponsored as an extracurricular enterprise.

We are finally in a position to offer a drama/theatre course for credit, giving credence to that performing art and supplementing the already strong drama club. Drama productions, music recitals and art exhibits continue to involve a very large percentage of the student body and draw enthusiastic responses from the entire community. The range and quality of talent among our students are impressive.

Trips to museums and foreign films are intended to augment work in science, mathematics and languages. Outside performances are brought to campus to entertain the whole campus and to provide benchmarks for our own aspiring musicians, actors, and playwrights.

College Guidance

Robert S. Clagett
Director of College Guidance

The members of the Class of 1983 fared extremely well in their college applications. We had anticipated as early as several years ago that this was going to be a strong class, and our suspicions were amply confirmed last spring.

By virtually any measure, this class can be considered one of the most successful in recent memory. For those who consider admission to Ivy League and other comparably selective colleges as the best yardstick, the class did well indeed. Nine students from the class

will be attending colleges which can be considered among the very most selective in the nation, and 22 others are attending institutions considered "highly" selective.

More revealing of the success of the college placement record of any class, however, is the number of students who are admitted to several different colleges. Using this standard, 52 students were admitted to the three or more colleges, and of the remaining 36, 20 were admitted either on an early decision/early action basis or to the college of their first choice.

Part of the success of the class can be attributed to the fact that a relatively large number of students were willing to look beyond the confines of New England in making their applications. As will probably always be the case, an important part of the job of a college advisor is making students aware of the large number of fine colleges outside of New England with which they might not otherwise be familiar. Especially for those students in the lower half of the class, it is oftentimes true that the educational opportunities available "south of the Charles and west of the Hudson" represent more attractive options than the colleges in New England to which such a student might be admissible. In this respect one of the pleasures of being a college adviser at Governor Dummer is that the students are relatively diverse in their interests and aspirations.

As we look to the future, it is difficult to foresee any significant changes in the college admissions picture for Governor Dummer graduates. While it is true that demographic changes will reduce the number of college-age students in the next decade, the group of colleges that have historically been most attractive to our students will probably remain as difficult to be admitted as ever. However, if the experience of the Class of 1983 is any indication, Governor Dummer remains an institution held in high regard by those same colleges.

We look forward to the continued success of our seniors.

Student Affairs

Robert H. Colgate
Dean of Students

From the opening day of school in September, the year 1982-83 had a different feeling to it. Change, always difficult in an institution but particularly so in one with the deep roots and rich traditions of Governor Dummer, was in the air. Headmaster Ragle represented stability, concern and dedication to Governor Dummer while the misty image of the 26th Headmaster began to form suggesting unsettling changes, new challenges and a growing feeling of excitement. We were blessed with a truly outstanding Senior Class — 11 students received recognition from the National Merit Scholarship Program, more than our share of fine athletes, music and artistic talent in great abundance, as well as many loyal seniors with concern for the health and future of the Academy. Individual programs flourished — school publications, the Modern Dance Program, the men's basketball team, the woman's volleyball team, both spring track teams, the Arts — particularly music, the Drama Program, Community Service, Senior Spring Term Projects. As in any school year, at times, disciplinary actions which had to be taken aroused unsettling feelings throughout the community.

Many strong programs begun in the last four years continue to flourish and grow. Mrs. Hager's Human Relations and Sexuality seminars were an important growing experience for many students while additional faculty volunteered their time to be trained as leaders for the Program. The Sophomore class was again exposed to the Freedom From Chemical Dependency Foundation's drug and alcohol abuse seminars for a week in September. Student government continued to

evolve and grow. The first student body president, elected by the whole school, worked throughout the year to develop the meaning of his office and increase the effectiveness of the Community Council. Governor Dummer was admitted to the Bradley Arts Association which allowed many of our students to participate in the annual Spring Festival held last year at Milton Academy. Not surprisingly, our students acquitted themselves very well. The Junior class really pulled together and upgraded the Junior Carnival which has been held for the last few years in early May. This day of student organized fun was a pleasant break for all. The First Senior Leadership Weekend — held just before school opens in September — produced much enthusiasm for the year and promise for its future. Finally, the reserved weekends became an integrated part of the Governor Dummer scene with faculty and students working together to plan and execute them.

Throughout the year, I enjoyed strong support from the faculty. I was particularly grateful to Mrs. Joy Sawyer-Mulligan and Ms. Mary Ellen Letvinchuk. Their hard work and dedication was so important to the success of the school year. We will all miss Jack Ragle and his unceasing dedication to GDA and we are excited by the possibilities of the future.

Admissions

Michael A. Moonves
Director of Admissions

The 1982-83 year in admissions was another excellent one for Governor Dummer. With the opening of school, we were expecting 115 new students to join 225 returning students. The incoming freshman class is the largest in the Academy's history with a total of 72; it is also the strongest freshmen class academically since the boom

years of the sixties. Other highlights for the 1983-84 student body include the highest number of boarding students we have had since 1969-1970; another increase in the number of girls and in the number of girl boarders; and new students coming from as far away places as California, Arizona, West Virginia, Florida, South Carolina, Virginia, Germany, England and Korea.

The Admissions Office is well aware that the school's leadership, namely the Board of Trustees and Headmaster Peter Bragdon, is ardently desirous of making Governor Dummer a truly national school. To this end, we in admissions will be working hard to enlist the support of key resource people across the country and overseas to achieve this goal. It is our hope, then, that if you are called upon to help, you will quickly stand up to bolster our efforts to gain national recognition.

Financial and Physical Resources

Donald A. Champoux
Business Manager

As I began to write this year-end wrap-up for 1983, my first reaction was that I couldn't find 100 words to highlight last year's progress. After careful review I found I could have written at least 1,000 words or more. We had a terrific year!

We again ended the fiscal year with a small operating surplus. Perhaps even more significant are the improvements that we have been able to make in our physical plant. They have totaled over \$600,000!!

Most notable were the following:

- Renovation of Perkins Dormitory, Phase I
- New locker room at the Murphy-Frost Arena
- Modernization of bathrooms in

Moody and Cottage

Rebuilt the patio to the Alumni Gymnasium

New faculty apartment in Ingham Dormitory

New enclosed egress for Moody Dormitory

Completed new building for the school store at French Building

New office for the Development Department

With the new Headmaster settling in and the continuing improvement of our physical plant and facilities, Governor Dummer Academy continues to change its shadows. It proves to be an exciting place to work and study.

Development and Alumni Affairs

Stuart D. Chase
Director of Development

The 1982-83 academic year was a good one for our alumni affairs and development programs. Giving continues to surge forward. Giving to our Annual Fund increased 7%. Alumni dollars rose 8% and participation increased from 38% to 41%. We are now approaching and, indeed, surpassing participation figures of many schools that have had organized fund-raising programs for many years.

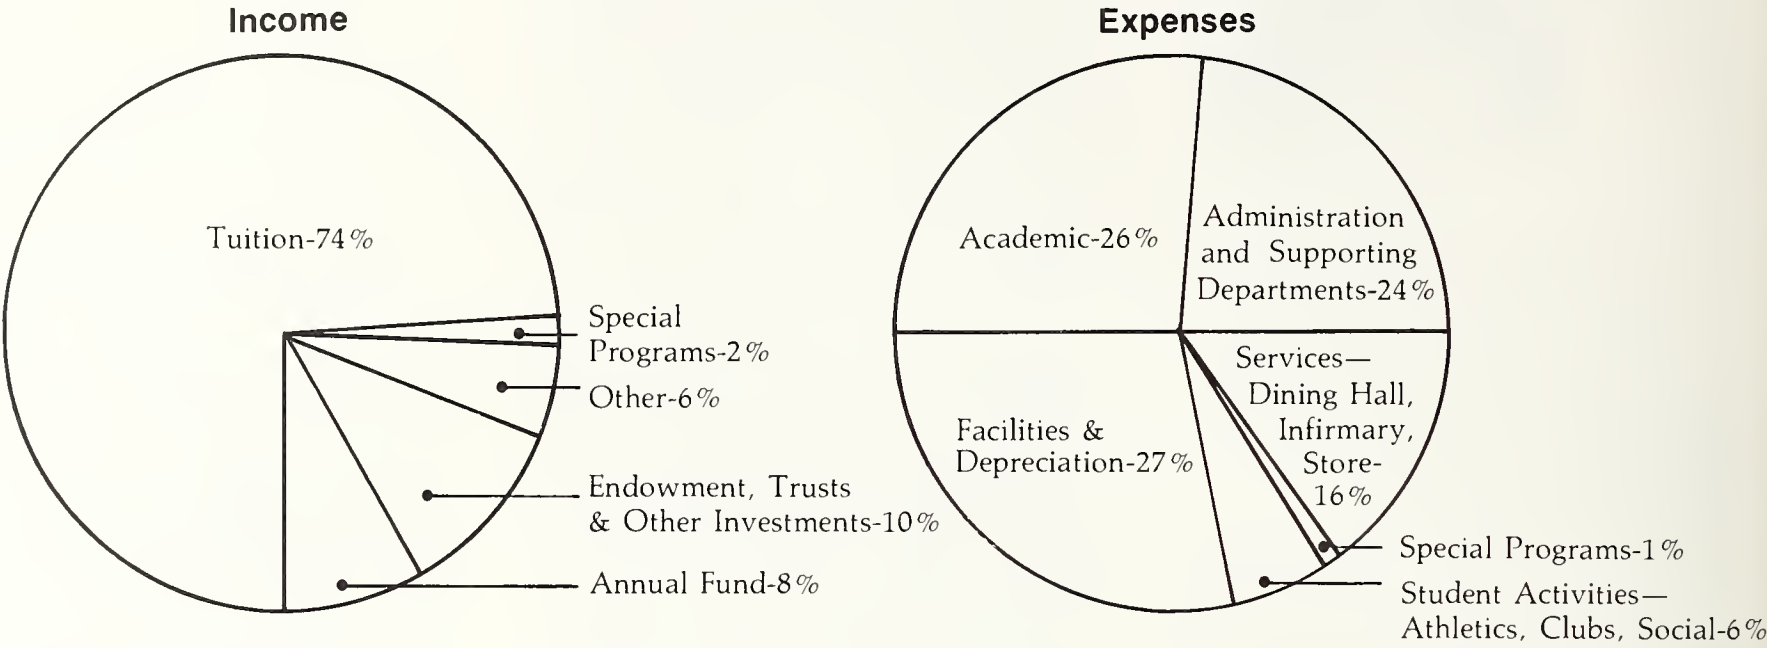

Parent support may be summarized in one word: fantastic! Over three years, current parent gifts have jumped 278%.

1982/83 was the first year for a separate Senior Parent Fund Drive. Their gifts and pledges totaling \$40,000 were designated for the New Kaiser Visual Art Center.

In addition, past parents are supporting their school in increasing numbers (up 48% in three years) as an expression of their loyalty and appreciation for a job well done.

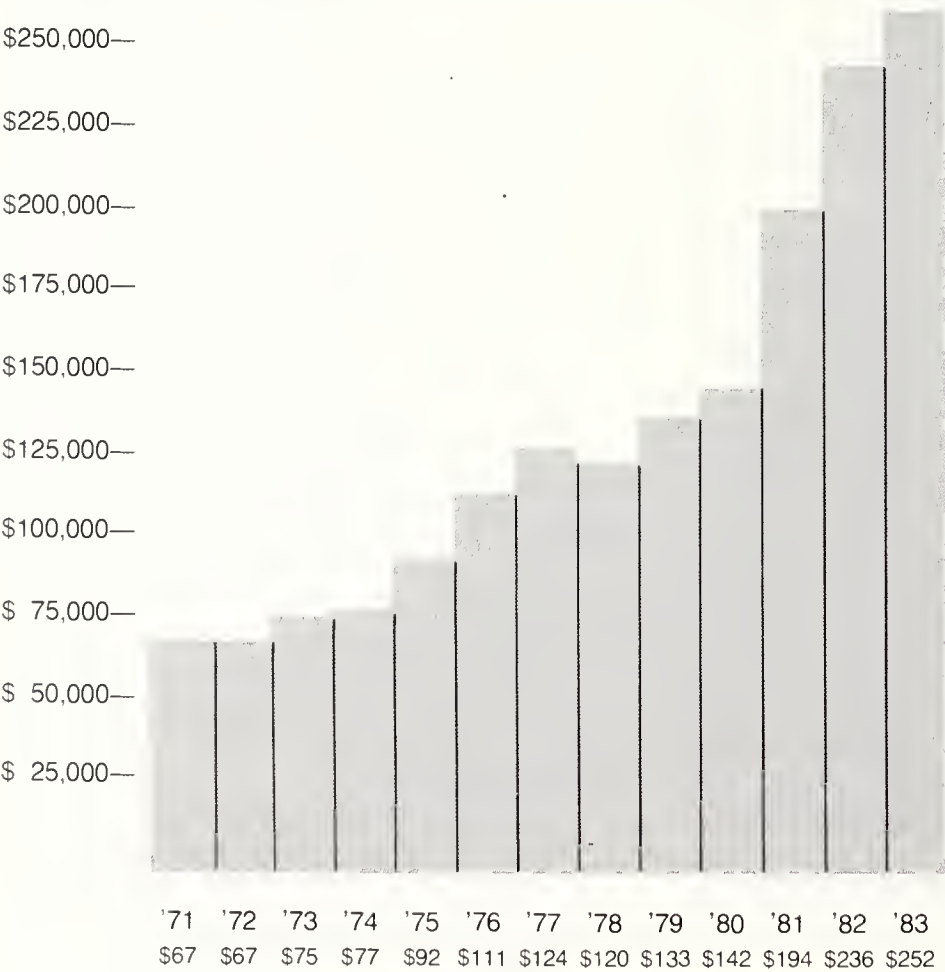

Thank you all — volunteers and donors for your help.

Statement of Income and Expenses June 30, 1982

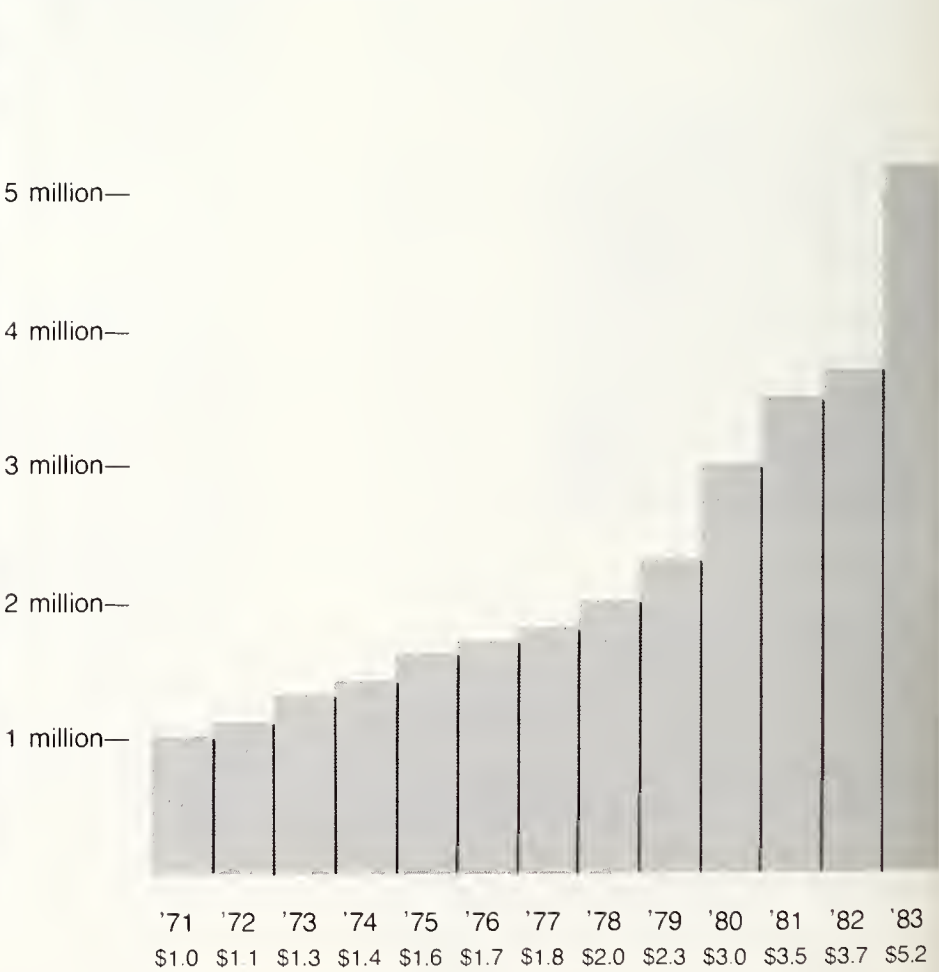

In presenting these pie charts and income graphs, it is important to note the following percentages for comparison: Annual Giving at other comparative independent schools averages approximately 12%; endowment per student at GDA is approximately \$15,500 whereas the norm at comparative secondary schools is \$30,000 per student. Governor Dummer must continue to increase annual giving support and endowment and be less dependent upon tuition, even though tuition is at the median of independent schools. On the expense side, our costs are comparable to other schools.

Growth of the Annual Fund (1971-1983) in thousands

Growth of the Endowment Fund (1971-1983) in millions

The Named Endowment Funds of Governor Dummer Academy

June 30, 1983

Throughout the history of the Academy families and friends have given funds in honor and in memory of loved ones. Monies may be added to a fund at any time or a named fund may be established to recognize and perpetuate the contributions and achievements of an individual. The Headmaster will welcome your inquiry.

Annual Fund Sets New Records

Trustee Development Committee Report

Josiah H. Welch, Jr. '47, P'80'83
Chairman

Giving to Governor Dummer Academy during fiscal year 1982-83 reached new heights. The Annual Fund climbed to a new plateau totaling nearly \$252,000, plus gifts from Senior Parents which amounted to \$40,000 in receipts and pledges. These numbers compare to \$236,000 for 1981-82 which include Senior Parent gifts.

In addition, another \$270,000 was contributed for designated funds including \$154,000 for the permanent endowment, \$75,000 for the new Arts Center and \$21,000 for the Murphy-Frost Arena.

Credit and accolades for making 1982-83 successful goes to many, many alumni, parents and friends for their volunteer leadership and work and to those who gave so generously to keep Governor Dummer Academy among the finest of independent secondary schools.

The work is fun, too! Typically, new callers at phonathons say . . . "Thanks for inviting me. I had a great time talking with classmates I haven't talked with in years." Development Committee Meetings are creative and challenging as we discuss fund-raising and alumni programs. Committee meetings planning the absolutely marvelous Jack Ragle

Tribute banquet at Tom Larsen's Pillar House restaurant were truly delightful and enjoyable. Our parent meetings bring unity amongst parents as we plan fund-raising. Our work has been rewarding and indeed vitally crucial for the future and growth of our school.

1982-83 concludes my seven year term as chairman of the Development Committee; it has been a very challenging responsibility but a most enjoyable and rewarding experience. I want to thank you all for your support and gifts during this time.

Many people have worked so hard, yet, in particular, I would like to single out the contributions of the following chairpeople:

Tim Greene '50 — National Alumni Fund Chairman
Fred Adams P'83'84 and Ben Williams P'83 — Senior Parent Chairmen

Dan Daley P'84'86 — Parent Chairman

Ed O'Dell P'81'84 — Past Parent & Friends Chairman

Tom Larsen '54 — Jack Ragle Tribute Chairman

Dr. Tim Johnson P'85 — Hockey Arena Spectator Room Chairman

Ed O'Dell who has served so effectively in various capacities over the past three years is the new chairman of the Development Committee and I know he will serve the Academy well.

And finally I would like to pay tribute to the person who keeps us volunteers stimulated, and willing — Stuart Chase, our director of development at the Academy.

I can assure you that the encouraging increase in annual giving to the Academy is in direct proportion to the number of years he has been with us. It's a pleasure to work with Stu and he is in every sense a true friend to the school.

In the pages that follow are listed the names of alumni, parents and friends whose combined gifts in '82-'83 entitled them to membership in our gift clubs — The Governors, The Milestone Society, The Master Moody Associates, The Academy Associates.

On behalf of the Trustees and my colleagues on the Development Committee, thank you for your support.

Giving Continues to Surge Forward Surpassing All Previous Annual Records

In 1982/83, monies were given for:		In 1981/82, monies were given for:	
Annual Fund	\$251,924	Annual Fund	\$236,186

GDA Tote Bag in maroon and white.

GDA Necktie in maroon or navy blue.

Gifts for Donors who contribute to
 The Governors, The Milestone Society,
 and The Headmaster's Club.

Alumni Fund Support Continues Record Pace

Timothy G. Greene '50
*National Chairman
Alumni Fund*

The 1982-83 Governor Dummer Alumni Fund continues to surge forward surpassing all previous annual records. I am pleased to again report significant growth in dollars contributed as well as overall participation.

Thanks to the efforts of Governor Dummer Alumni, parents, past parents and friends the Annual Fund total increased from \$236,186 to \$251,924. Contributions from alumni accounted for \$147,926 compared to \$137,480 for 1981-82. Total matching gifts from all sources increased from 38% to 41% with much of this growth coming from our younger classes.

1982-83 was the first year for Alumni Bowl competition. I would like to congratulate the winners.

Barry Burlingham and Mike Hoover - Class of '71
- highest dollar (\$13,645)

Dave Yesair - Class of '50
- highest percentage (90%)

Carey Doyle - Class of '73
- highest dollar among ten most recent classes (\$2,023)

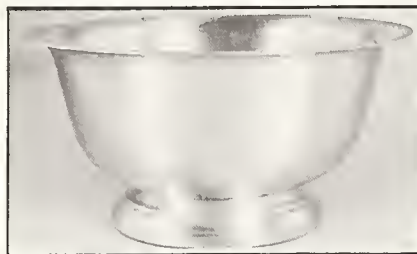

Jody Baum - Class of '78
- greatest percentage increase (283%) over the prior year and highest percentage (40%) among ten most recent classes

There were some close races for the bowls and I want to thank all class agents for their efforts and enthusiasm. I am certain that next year will bring even keener competition for the bowls.

There is no question in my mind that the success of the Governor Dummer Alumni Fund centers around our class agents and those alumni who participate in phonathons, receptions, reunions and in writing to classmates during the year. It is this dedication and spirit year after year which serve as an inspiration to all of us who love Governor Dummer and who stride to keep it a first-class school.

Alumni Fund Bowl Winners

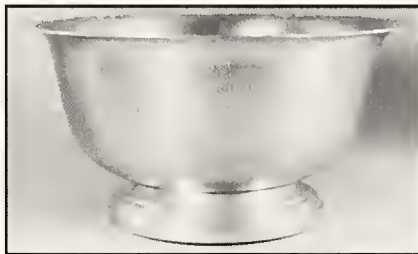

The Putnam P. Flint Bowl

Awarded to the class
with the highest participation
in the Alumni Fund

1982-1983
Class of '50
Dave Yesair, Class Agent
90% participation

The Morris P. Frost Bowl

Awarded to the class
with the highest dollar total
to the Alumni Fund

1982-1983
Class of '71
Barry Burlingham & Mike Hoover,
Class Agents
\$13,645 raised

The Reunion Class Bowl

Awarded to the Reunion class
with the greatest percentage increase
in giving over the prior year.

1982-1983
Class of '78
Jody Baum, Class Agent
283% increase

The Arthur W. Sager Bowl

Awarded to the class
of the ten most recent,
with the highest dollar total

1982-1983
Class of '73
Carey Doyle, Class Agent
\$2,123 raised

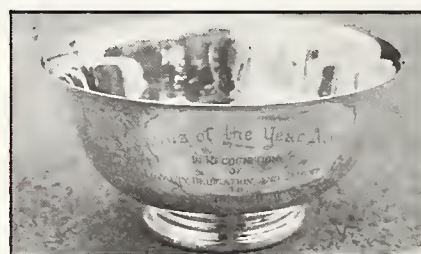

The Howard J. Navins Bowl

Awarded to the class
of the ten most recent,
with the highest participation

1982-1983
Class of '78
Jody Baum, Class Agents
40% participation

Alumnus of the Year Bowl

In recognition of loyalty,
dedication and service

The Parents Fund

Senior Parents Fund

*Benjamin J. Williams
P'83, Co-Chairman*

*Frederick N. Adams
P'83, '84 Co-Chairman*

The senior parents for the Class of 1983 were given a wonderful opportunity last year by the Development Committee of the Board of Trustees, and we are happy to report we responded to that opportunity.

Due to the tremendous support we as freshman, sophomore and junior parents had given Governor Dummer (229% growth in giving from your first to third years) we requested the Trustees to approve a special Senior Parents Fund where our gifts would go towards a designated project. Our proposal was accepted and we were off. The project unanimously adopted was the new Kaiser Arts Center.

Senior Parents were invited to pledge over two or three years, or longer, if they so chose. Many did and others increased the size of their gift over the prior year.

As freshman parents we gave approximately \$7,000. As sophomores, \$20,000. As juniors, \$23,000. As seniors, \$37,000!

This money was given to a school we have grown to admire and appreciate. Our children learned academics, and a lot more — to live and work with one another, to respect, to compete, to win, to lose, the kind of things we face daily in our adult lives.

Our sincere thanks go to the Senior Parents Committee who because of its commitment helped make the fund drive successful, and of course, to all those who gave so generously.

To Jack Ragle, Headmaster during our time, we thank him for his caring and commitment to our children.

Parents Fund

*Daniel F. Daley P'84 '86
Chairman*

Serving as chairman of Governor Dummer's Parents Fund is a relatively easy job! All you have to do is ask for support and you've got it! Governor Dummer Academy has a tremendously loyal, dedicated group of parents!

There is a plain, simple principle in fund-raising — if donors believe in the institution they will subscribe to it financially.

To wit: 1982-83, gifts from the Classes of '84, '85 and '86 totaled \$52,620. The year before, gifts from the junior, sophomore and freshman classes equalled \$49,900. We continue to express our appreciation for GDA through our giving.

My thanks go to Headmaster Jack Ragle for his guidance and inspiration and to a hard-working parents committee who solicited and helped in the phonathons. For sure, organization and follow-through is necessary in any fund-raising program and those parents were the core of our efforts.

Governor Dummer Academy is a very special place for our children — they learn, they have their ups and downs, they compete, they grow wiser, more confident. For these reasons we, as parents, are pleased to respond.

Leadership Members of the Headmaster's Club

In grateful appreciation to those parents whose gifts of \$1,000 or more provided leadership to the 1982-83 Senior Parents Fund and annual Parents Fund.

Past Parents and Friends Fund

Past Parents and Friends Fund

Edward T. O'Dell, Jr.
P'81'84
Chairman

It is often said that once a student graduates a parent's loyalty and sup-

port goes along with the student. Certainly, there is some truth to the statement, yet parent loyalty at Governor Dummer runs deep and strong. Many more "past parents" are now contributing to the Academy than ever before. Just look at the numbers.

Over the past three years there has been a 42% increase in giving and a 34% increase in the number of donors. One way in which we may continue to express our appreciation to the Academy, its administration and faculty is through our gifts, which I believe will continue to be increasingly generous.

To illustrate I want to tell this story: last spring a couple came to Jack Ragle's office and presented him with a pledge for \$20,000 designated towards

the new Art Center. They said they had not been able to do too much for GDA between the years of GDA and college but now they were and wanted to do something significant in appreciation for the education and living experience their son received. How wonderful!! How grateful we were for their help!

Governor Dummer gave its very best to our sons and daughters and while we paid for their education with our tuition dollars, those monies did not meet the full cost of their education. Just as past parents supported GDA when our children were in school, we as parents of recent alumni are continuing to do the same. We hope for your continued loyalty. Thank you all!

Parents of Alumni Donors

In grateful appreciation to parents of alumni who express their continuing interest and loyalty with support to the Past Parents Fund.

"Old Guard" Classes

JOHN P. ENGLISH, '28 *Class Secretary*

'19 65th Reunion

CAREY Y. MORSE, now living in Greenwich, Conn., lost his wife after almost 50 years of marriage last summer and is adjusting but slowly.

'23

If all went well, JIM GARDINER was to be back in Byfield last summer for the annual meeting of the Settlers of Newbury, not at the school but at Adelynrood, just up the road.

'27

GEORGE HALEY spent many of his quiet hours up in St. Stephen, N.B., last summer watching the Boston Red Sox on television. He is one of the more northern fans, obviously. The Red Sox are an interest he developed during his Governor Dummer days and has retained ever since.

WARREN LANE retired to Washington, N.C., after 32 years in the marketing and selling of shoes and then found retirement wasn't all that easy. So he became executive director of the Downtown Washington Association for a time, retired from that and now finds himself active in the Rotary, Shriners and Elks and a lay reader in the Episcopal Church. Warren does find time for golf and plays well, even after celebrating his 75th birthday. He has a wife of 50 years, two married daughters and four grandchildren.

JACK CALDERWOOD, now retired and living in Florida, was back in Massachusetts for a visit last summer and checked in with old friends. Jack spent his working years in the family advertising and printing business in Boston but has now opted for the warmer climate.

'28

Sad news with a poignant note from Marcia and Connie Crosby, the two daughters of RUSS CROSBY: "Our father died on June 23 after a brief illness. Governor Dummer was a central part of many of his amusing anecdotes, and he spoke of it with high regard as well as fondness. He had enjoyed these past few years of retirement in Pembroke (Mass.), spending time puttering about the old farmhouse he had renovated." Brother RICHARD (HOOT) continues well in Brewster, Mass., but he says he is now "nearer 75 than 74" and he no longer walks out two miles on the Brewster flats to go clamming.

'29 55th Reunion

BILL PAGE encapsulates his retirement routines from Fond du Lac, Wis.: "In the spring its Biloxi for golf and seafood. In the summer its golf, yard work and "where shall we drive for lunch today?" In the late fall Florida or California (the winter is too long here!)"

'37

OLIE OLSEN, *Class Secretary*

When the turnpike sliced through the Governor Dummer Farm, there was created later Ould Newbury Golf Club on the Eastern side. Presently Mac Murphy, John Witherspoon, ALAN DODGE '37 and OLIE OLSEN '37 play a foursome nearly every Monday and Wednesday mornings. Between shots on the tees and fairways a great deal of bird watching also goes on under the experienced eye of Mac Murphy.

Last week on the par 3 across the marsh, Mac came within a foot of getting an ace. He proceeded to tap it in for just another birdie.

The four of us are retired but far from idle! It is a pleasure for Al and I to be with our former master and a former director of admissions on a weekly basis. The competition is almost fierce!

'39 45th Reunion

JACK DYER, *Class Secretary*

Recently Peg (my wife for the past 39 years) and I (her husband for the same 39) were dining in the vacation home of a couple named Kittredge. He claimed to be a Williams graduate so I tried out the name Edwin Spink Sheffield. That revealed the fact that Shef '40 and I were almost classmates at Governor Dummer. So Jane Kittredge asked if I knew her brother — BENJY PIERCE!! According to his sister he is a very successful magnate in a conglomerate. He lives, not in Maine, but in Mississippi. Jane and I then swapped names like HANK PAYSON, MAKE LORD, CHAMP YOUNG!!

Subsequently, I was talking about GDA at a party in Winchester, MA only to be interrupted by BUSTER RICHARDSON '37 who turns out to be the older brother of THAYER RICHARDSON. While trying to establish whether Thayer was retiring from work or from town office, we were interrupted by JOHN KOSLOWSKI.

So you can find some of our lost classmates if you move around fast enough. I even met PAUL MORGAN '41 in a cathedral in Washington, DC who told me that CLARENCE PICKARD was alive and well in Worcester, MA.

As for me, I was father of the bride twice in 1982. I seem to be surrounded by lots of friends who are retired — do I just have aged friends or whatever happened to the Protestant work ethic?

'49 35th Reunion

MANSON HALL and TOM EMERY, *Co-Secretaries*

Since our last class notes were submitted, we have heard from TOM DAVIDSON who is presently living in York Harbor Maine. Tom, you may remember, went on to Dartmouth College and stayed to complete the Tuck School of Business degree

program. He later went on to do graduate work at Northeastern University where he began teaching, as an Instructor of Marketing in 1956. Following this Tom was an assistant and associate professor at the University of Connecticut (1958-64) and Pace University (1980-present) and finally Adjunct Faculty member, Tourism and Travel Administration, The New School for Social Research (1981-present). All this teaching has been based on Tom's business experience in various companies culminating in his decision to found Davidson-Peterson Associates, Inc. in York, Maine in 1974. The firm is a marketing research and strategic planning consultant firm. Tom has offices in York and New York and as you can tell by all this description he is "on the road" a fair amount. When he sees them, Tom has a wife, five children and three grandchildren (including twins).

We have short notes from GORDY PRICE and JOHNNY CANEPA. Gordon is the owner and active operator of a 400 acre farm in West Boxford and is active as Vice President of the Massachusetts Farm Bureau. He is married with four children and at one time or another he has been involved on his church Board of Trustees, the local school board, the local planning board and the recreation committee. John is president of Old Kent Financial Corporation which is a four billion dollar bank holding company. The corporation operates 23 banks in Michigan. John lives in Grand Rapids and mentions that of his four grown children, one runs a Liz Claiborne office in Hong Kong, two are C.P.A.'s and his youngest is entering graduate school at Northwestern in the fall.

As a result of our involvement as co-class secretaries, TOM EMERY and I decided "to gather together" a small group of Pierce I alumni last May for an evening of drinks, dinner and memories. So ARCH DES COGNETS, TOM OTIS and BOB GODFREY and their wives Gwen, Mina and Jo joined Tom's wife Gale and my wife Alison on a warm Saturday night. Archer has been living in Lincoln, Mass. for most of his working years, save a stint in the U.S. Army. He graduated from the hotel school program at Cornell University where he met Gwen and has been in the investment world in Boston, presently working for Putnam Advisory Company (one of the older and certainly more prestigious investment houses in Boston). He now serves as the director of international development which requires some traveling each year — more recently to England and Australia. He has a bundle of kids in various stages of school and work and jogs (really!) and skis to keep his bod swevlt. BOB GODFREY has been living in Thompson, Conn. where he works for the Hale Manufacturing Co. They, apparently make all kinds of synthetic fibers and are owned by the Monsanto Corporation. Bob is the Sales

Manager and has been with Monsanto for over 23 years living in a number of locations including Louisiana. Bob is pretty much off the road now after years of packing bags. He is delighted to stay put and he tells me he and Jo are eyeing Maine as their retirement area. Jo is a special education teacher with the Headstart Program in Stafford Springs. I didn't have a chance to talk with Bob about his hobby of carving birds in wood. Next time!

TOM EMERY and I have remained good friends through the years and have kept in fairly close contact. We both have parents living in Chatham on the Cape and as a result we have sailed and fished together during those vacations when we could arrange it. Next issue I'll write more about Tom. As last reported he has been promoted to Commodore (a newly revised Naval rank equal to Brig. General). Tom's new rank necessitated a new assignment and he was transferred after one year as commanding officer of the entire Newport Naval Training Base in Newport, Rhode Island to be the commanding officer of the entire Great Lakes Naval Station.

Please, please keep June 1, 2, 3, 1984 free for our 35th class reunion. The reunion committee will be in touch with you about details, but the most important thing is that you plan to come.

'58

CHICK CARROLL, *Class Secretary*

There can't be a class member who wouldn't enjoy spending a day with **WAYNE HOCKMEYER** at The Forks, Maine, deep in the wilderness. Wayne is president and owner of an organization known as Northern White Water Expeditions, Inc. He runs white water rafting trips on the Kennebec, the Penobscot, the Hudson, and the Dead Rivers for thousands of people each summer. Wayne is truly the king and the originator of white water rafting in Maine. Recently my family and I spent a Saturday on the Kennebec, where we were treated to about a fifteen mile trip, six of which is through white water, some of it up to Class V. The trips are fully guided with experienced and competent people, and the entire experience is one of tremendous excitement and fun. Wayne has been at this eight years, since the first time he took a raft alone down the Kennebec Gorge and decided that this was something that the rest of the world might like to do. From that point it has required enormous dedication from Wayne to gain the cooperation of the power and paper companies that run the rivers, of the legislature and of the executive branch of the state. Wayne has been sometimes controversial in his dedication to preserving the rivers from damming and to leaving them available for recreation.

Since Governor Dummer, Wayne's career has been an incredibly varied one. He has been a commercial real estate developer in Boston. He developed and owned the largest water bed retail chain in the Boston

area. He has been a commercial float plane pilot. He has been a hunting and fishing guide — both in Maine and in the Caribbean, and, lastly, since 1976, he has been king of the Maine Rivers.

You couldn't pick a more enjoyable way to spend the day than to go to The Forks, spend a night at Wayne's motel, and spend the next day on one of the rivers. Wayne provided us with terrific hospitality and a day we'll all remember.

TOM GROSE and his family spent some time in the States this summer. Tom and Missy have four children — ages 3 to 8, including twin girls. They have now returned to Tunis where Tom is a Vice President of Bankers Trust.

I'd love to hear from more of you about what you're doing. Please send news.

'65

PETER IMBER, *Class Secretary*

DEKE AUGUST lives in New York and works as a P.R. consultant. He likes his job, but still has dreams. "I'd like to be writing, or dairy farming, or living in Europe or all three!"

ERIC MINGLEDORF and his wife Susan celebrate their tenth anniversary this year, and also the first birthday of their child, Chapman. They live in Monroe, LA where Eric works for an S & L. He is also a pilot.

PETER SARGENT and his family reside in San Francisco. Peter is on the faculty of the Biology Department at Stanford, where he says his duties are challenging, but "definitely not inducive to much relaxation." He and his wife Margie are the parents of two children: Kimberly and Jonathan.

HENRY HORENSTEIN is about to publish a new book to go with his successful works on photography. This one will be a photographic essay on horse racing and the subculture of the race track. Henry also supplies information about the following classmates: "**JEFF KANE** is an allergist living in northern California.

CHET PARASCO was living in Boston and working toward a doctorate in divinity when last seen. And **DUDLEY GLOVER** is also in Boston, where he produces audio visual shows."

DOUG SMITH was one of the members of our class to serve in Vietnam. He was in the infantry there between 1970-72. Today he is vice president of Smith Auto Sales in Lebanon, N.H.

RUSS THOMAS lives in Austin, Texas where at various times he has been a ragtime pianist, a writer for **TEXAS MONTHLY**, a waiter and a telephone counselor for the county mental health agency.

BILL MAJOR, who got his PhD. in history in 1980, teaches at a private school in New York City. He claims to play about as much golf as I do, which is about four rounds a year.

Like the Mingledorfs, my wife Mira and I had our tenth anniversary this summer. Since June I have been working for the West Coast Bureau of ABC News as a

video editor.

That's it for this time. Hope to hear from more of you.

'67

BENNETT BEACH, *Class Secretary*

On June 2, Darline and **JIM MILLETT** became parents for the third time. The new youngster is Morgan Ashleigh. Jim also has a new law firm: Sherman, Sandy & Millett, a general practice in Waterville.

'69

15th Reunion

JEFF GORDON, *Class Secretary*

The questionnaires sent out last September have had a tremendous response, and actually are still trickling in. Here are a few which arrived after the cutoff date for the last **Archon**:

— **JON WILLIAMS** writes from Boulder, Colorado in response to the question of relative libido to that of **TIM TENNEY**: "Far better — it's the putt that makes the par!" He has just started his own marketing company called Antique Fine Art Leasing & Sales.

— **PETER BORNEMAN** also is living in Colorado. He is a computer consultant with Deltak, Inc. after having been with IBM for a few years. Peter has a one year old boy named Parker Adams Borneman. He says in response to the **TIM TENNEY** question that he'd never compare himself to the "Newburgh, Nymph!"

— **CONRAD MILLER** writes in from Montpelier, Vermont (with his business card!) as a half owner of a Century 21 real estate firm. He is married with a son, Matthew. He says he is a Reagan supporter (when this was written, mortgage rates were 10%!.) He had no comment about **TIM TENNEY**.

— **JOSH MINER** writes that he is working for the Ames Textile Corp. as a converting manager (which must be shop talk for an executive who occasionally wears a hard hat). He refuses to even make a comparison to **TIM TENNEY**, and goes all the way to Robert Redford. Not bad Josh — how would your wife feel about that one?

— **SAM FLEMING** writes from Vancouver, Washington that he is attending the Washington State University's School of Veterinary Medicine, and wants to specialize in dairy cows. Sam and his wife Sharon have a one year old daughter, Rachel. Sam had no specific comments about **TIM TENNEY** other than to say that Tim stopped by for a few nights in February on his way to Hawaii. (Some route he took!)

— Finally, from **TIM TENNEY** himself, yes he is alive and well, better than

ever, in fact, and living in Newburgh. He is a V.P. at the Pepsi Cola Newburgh Bottling Co., and says he is well-paid. (Trips to Hawaii, although he claims it was business!) He was quoted in the New York Times once; the subject was less clear, and in response to the infamous question as mentioned above, his answer is simply "Dirty Trick Gordon!"

Thanks for sending all of these in for editing. I very much appreciate the time everyone took, even though there was a stamped, self-addressed envelope enclosed. We have to start thinking ahead to our 15th reunion next year — so you will hear more from **PETER DORSEY** and me about that. Until then, all the best.

'70

BILL TOBEY, *Class Secretary*

Driving by the Springfield College quad-rangle during their activities week, I thought I saw a familiar GDA face in the throng. This fellow seemed to be leading students and others (and at the same time taking part) in a series of fun and absurd outdoor games — such as, a circle with everyone linking arms, then three giant steps towards the middle, resulting in a hysterically funny, confused and contorted entanglement of helpless bodies. What fun! Who was responsible for these innocent, bacchanalean festivities? **STEVE BUTLER** — who has been working for "New Games," a Boston-based outfit that businesses, schools, organizations hire to encourage participation, leadership, creativity and a sense of community. I couldn't help but join in, and though I didn't get a chance to talk much with Steve, I did have a great time playing with him!

NAT WILLIAMS was married on June 11, 1983 to Annette Neigh of Butler, PA. **PETER BRIGGS**, **SCOTT LIVERMORE**, **FRANK CHASE** and **STEVE BUTLER** attended the ceremony and enjoyed the gala reception held at Mount Vernon. Apparently people were so pleased with the wedding that everyone applauded as Nat and Annette left the church. Nat still works for the Nature Conservancy, a land conservation group that lobbies to save lands which are unique and threatened by development, but which are not necessarily recreational (e.g. Iowa prairies, coastal islands off Maine). Later in the summer Nat had a chance to see **PETER BRIGGS** in Minneapolis on his way to take a canoe trip in Nebraska, organized by the Conservancy. The trip celebrated the conservation of the river that the Nature Conservancy lobbied to save and won.

SCOTT LIVERMORE moved to West Yarmouth, Cape Cod this summer after living on Martha's Vineyard for three years. While on the Vineyard, Scott danced in community theater musicals and played guitar. Currently Scott enjoys sailing, owns more guitars than he can count, performs

with various musical groups at social and wedding occasions, and paints houses to keep fit. He enjoys playing dance music, Elvis Costello, and blues.

PETER and Barbara **BRIGGS** seem to enjoy bringing up their two-year-old daughter Sarah in Minneapolis. As much as he'll miss Garrison Keilor's Lake Woebegone, Peter said they look forward to moving back to Burlington, VT next summer where Barbara accepted a faculty position at UVM-Burlington Medical School in Hematology and Oncology. Peter says Minneapolis has blessed him with a strong moral backbone. Peter has been working with and developing computer systems at a Savings and Loan in Minneapolis.

CAPT. PETER BLAKNEY writes that he's been married for three years, has a daughter Robin, two-years-old, and, I believe, another child who was born sometime in April. His wife, Kathy, is earning her undergraduate degree part-time and is involved with various civic activities. Peter works in the Weapons Department at Fort Knox and eventually expects to pursue a masters in system analysis. Hobbies include: acquiring computer literacy and 10K foot racing. He's interested in learning about folks of the class of '70 who "did not follow their programmed course of destiny," (probably most of us, I would imagine).

BOB LEIGHTON sent a note and says "hello," and that he is alive and well and living in New York City.

I hope Autumn will be gathering strength soon to whisk away the prolonged summer heat. Hope to hear from you soon.

'76

CAROL-ANN GOLDBERG, *Class Secretary*

BEN PEARSON won the National White Water Canoe Championship held on the Youghiogheny River in Pennsylvania in July. Ben, presently a resident of Freeport, Maine, won the championship along with his partner George Walsh of Jay, ME.

A consultant for L.L. Bean, Ben runs wilderness expeditions in the state of Maine and also heads up the Bean Canoe and Camping Clinics. He is a registered Maine Guide and in addition to his other various outdoor activities, he not only conducts white water canoe trips, but directs white water training trips on the dam controlled rivers in Maine.

'79

5th Reunion

LAURA ROOME, *Class Secretary*

After a long summer in Wolfeboro, NH, working in a small toy store, I am now an assistant buyer for Carrol Reed, and headquartered in Portland, ME. During the summer, I managed to catch up with a few Govies and was filled in on what's up.

JEFF GARNETT has joined **TROY DAGRES** at Towle Silver, and even though I missed the party to celebrate Troy's birthday and his brother Todd's ('78) return to

the East Coast, I did catch them both the next afternoon at Jeff's pool — drinking Pepsi and resting in the sun. I gather it was quite a party.

WENDY BIXBY was in Hartford, CT for the summer, working and taking a couple of courses. She is now back at Bentley, planning to graduate in December and will be married to a great guy, Pete Cowie (a Bentley grad), in the spring.

I hope I'll be hearing from all of you soon and that everyone is starting to get psyched for our 5th Reunion in June.

'80

PAMELA KURTZ, *Class Secretary*

DOUG LEATHEM recently enlisted in the Air Force and will be receiving basic training at Lackland Air Force Base near San Antonio. He will receive training in mechanical technology.

'81

DAN CROSS, *Class Secretary*

During the summer, **PAUL CARTER**, **MIKE MORRISON** and **BILL BARTLETT** '80 worked with faculty member Bob Cole at Camp Belknap.

SUE DESAUTEL spent the summer living with a family ("8 people, sometimes 9 or 10 — only 5 rooms! I have my own.") in Taichung, Taiwan, studying at Tunghai University. This fall she will be attending Peking Hormal University. Her letter is full of interesting observations about the Chinese and their culture.

'82

ERICA NORTON, *Class Secretary*

This summer **DEMETRI VALHOULI** spent time in Greece and **JON WADE** went to Greece before beginning his sophomore year at Skidmore.

Since the spring, several of our classmates have made many changes in their colleges. **BOB LOW** will be attending Plymouth State College. **HEATHER VICKERS**, after a summer spent in Salem, will take a semester at Bowdoin College, perhaps even joining a fraternity! **JANE BOISVERT** is now at UNH where she is having a super time. **WILL FRIEND** will be at Northeastern. **JENNY HAYES** will be at UVM taking a semester off to work. **JOHN EGAN** will return to UVM in January. **CHARLIE SULLIVAN** is no longer at Plymouth State. He's planning on attending a college in Connecticut. **CHRIS PERRAULT** was named to the Dean's list at Skidmore College.

DAN GEFFIN spent his summer as a department store security officer. He has earned himself a badge by taking a training course at Drew last year. Dan, please don't get upset!

Class Agents and Secretaries

"Old Guard" 1930 and earlier

John English '28
Woodsneck Road, Box 322
East Orleans, MA 02643

'31 Col. Carl Buechner, Agent
1053 South Lakemont Circle
Winter Park, FL 32792

Volunteer needed for class secretary

'32 Stanley Levin, Agent
42 South Ridge Drive
Waterbury, CT 06708

Terry Staples, Secretary
Malden-on-Hudson, NY 12453

'33 Harry Churchill, Agent
107 Boston Road
Chelmsford, MA 01824

Volunteer needed for class secretary

'34 Richard Segler, Agent
17 Arlington Street
Portland, ME 04101

Seth Baker, Secretary
30 Nicholson Drive
Chatham, NJ 07948

'35 Russell Brewer, Secretary
77 Sherman Avenue
Glen Ridge, NJ 07028

Volunteer needed for class agent

'36 Thomas Nathan, Agent
807 Kimballwood Lane
Highland Park, IL 60035

Volunteer needed for class secretary

'37 Putnam Flint, Agent
34 North Avenue
Weston, MA 02193

Olif Olson, Secretary
271 Central Street
Rowley, MA 01969
